7<sup>th</sup> August 2017

Dear Parents,

The letter on the back of this page refers to our students in Years 3 and 5 taking part in an online trial for NAPLAN. If successful, NAPLAN will be delivered in an online format in the future. The trial will take place in Week 6 (Beginning Monday 21<sup>st</sup> August).

Part of the requirement for the trial is a standard set of earphones. They can be any type of earphones but they must have a standard plug for use on a laptop computer or iPad. The earphones will allow the students to hear instructions without any distractions. It would be good if they could bring these to school in a small container or a Glad cliplock plastic bag, with their name clearly marked on it. This will avoid having anyone else using their earphones.

The students will be able to use the earphones at school for other applications during the year. If you are unable to provide them we have some that we can distribute.

Yours faithfully

  
Michael Hopley  
Principal

# Fact sheet for parents and carers

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual national assessment for students in Years 3, 5, 7 and 9. Planning has begun to move NAPLAN from a pen and paper assessment to an online assessment.

## What are the benefits of NAPLAN Online?

### Results will be faster and more precise

- Your child's individual results will be returned to you within just a few weeks of the NAPLAN testing.
- Online assessment will reduce the time it takes to mark and provide feedback to schools, teachers and parents.
- Improved precision and timing of results will help teachers to tailor their teaching more specifically to address students' learning needs.

### Tailored tests will provide better assessment

- The online format allows for 'tailored testing', where the test adapts to a student's performance and asks questions that match their achievement level.
- Students in each year level start with the same set of questions which can then branch into a different set of questions based on their responses to the first set of questions.
- This means that students will be directed to questions that may be easier or more challenging depending on their responses.
- This test design will allow students to better demonstrate their literacy and numeracy skills.
- Students find online assessment is more engaging\*, which means they are encouraged to persist longer and try harder.

\* Research by the Australian Curriculum, Assessment and Reporting Authority (ACARA) into online assessment has shown that students have engaged well with electronic tests.

## NAPLAN Online School Readiness Test

**NSW schools will participate in a school readiness test between 14 August and 22 September 2017.**

The school readiness test is a 'practice run' for schools to assess their technology ahead of NAPLAN Online. The readiness test is not an assessment of student ability. The readiness test allows schools to:

- become familiar with the NAPLAN Online test format and processes
- check whether they have the technical capacity, rooms and devices to administer NAPLAN Online
- provide students in NAPLAN years 3, 5, 7 and 9 with the opportunity to experience the online test question types and format by completing a practice NAPLAN online test.

## For more information

Parents, students and schools interested in familiarising themselves with the NAPLAN Online format can access the NAPLAN Online demonstration site that includes sample tests for each NAPLAN year. Use the following link:

<http://www.nap.edu.au/online-assessment/naplan-online/naplan-online-public-demonstration-site>

Further information about NAPLAN Online is available on the national ACARA website:

<http://www.nap.edu.au/online-assessment/naplan-online>

Contact your school principal or visit the ACARA NAP website for more detailed information:
