3rd November 2017

Dear Parents,

This term in Science and Technology, the students have been learning all about different places and spaces in our local community. To support this learning, the students will be designing and building their own house. For this task, the students will require some materials to use to build their design. Therefore, we ask for the students to collect and bring in any materials that they may need by Friday 10th November (Week 5). Examples of materials may be paper towel rolls, empty tissue boxes, empty cereal boxes or egg trays.

Thank you for your continued support.

Regards
Year One Teachers.
