

Year 2 Excursion

On Tuesday the 23rd of May, Year 2 went on an excursion to the Wildlife Sydney Zoo!

All of year 2 went, with the teachers and some parent helpers because we are learning about minibeasts.

We got into our groups and at 8:30am the bus drove us to the Zoo. When we got there, we walked to a quiet grassy area to have our recess. After we ate, we entered the Zoo into the Butterfly Tropics. It was very warm and butterflies were everywhere! Some of the even landed on us!

Then we wandered the park. We saw snakes, frogs, kangaroos, turtles, Tasmanian devils, koalas and a giant crocodile. After a quick rest, we went to the Bugs Corner where we saw spiders, scorpions, millipedes, bees and a giant cockroach. One of the zookeepers brought out a stick insect for us to have a look at. It was very cool!

We also went to the Aussie Animals Adventure Show. We learnt about a python, an echidna, a quokka and a lizard. We were so lucky because we got to pat Olivia the python, the lizard and the quokka!

After the show, we left the park and had lunch back at the grassy area. Finally, we walked to the bus and went back to school.

We had a fantastic day, even though we were a bit tired from all the walking! It was a very exciting day as many of us got to see some of our favourite animals. We were amazed by all the different minibeasts we saw and we had so much fun exploring the Zoo.

By Year 2.
