7th February 2018

Dear Parents,

Stage 3 have started off the year on a high with the recommencement of our exciting BYOD (Bring Your Own Device) program. Once again, we have had a positive beginning to the program in 2018, with the majority of students in Year 5 and Year 6 enthusiastically participating. At this stage over 90% of the students in both Year 5 and Year 6 are involved in our BYOD program.

Cristian (ICT trainee) and I have been busy 'enrolling' the devices so that the students can begin using them in class. This process takes approximately ten minutes per device. The enrolment process is powering on swiftly, the Year 6 devices are all ready to go now, after needing some slight adjustments, we are now moving onto the Year 5 devices and hope to have them all completed by the end of Week 2.

There is a great deal of evidence showing that digital technologies deepen student learning and we look forward to educating your children in exciting, stimulating and engaging classrooms. Thank you for your support, assistance and patience as we recommence this exciting new program.

Rita Haddad
Learning Technology Co-ordinator

Michael Hopley
Principal
