

## ***\$50,000 to go!***

To improve reading and writing at the school, we're needing your help to raise another \$50,000 through the School Fun Run. This money will go towards the purchase of library and classroom readers and technology. Reading development is a critical part of educating children and we'd like to give all children every advantage we can.

### **How you can help**

Firstly, if you have already created a page, thank you so much. Your contribution has been greatly appreciated.

If you are yet to do so, please create a profile for your child at [www.schoolfundraising.com.au](http://www.schoolfundraising.com.au). To hit our target, we still need another 380 pages created to do this, so it is important to take action if you are yet to do so.

Once you have created a page, please share your link online. You can share it through social media, email and even text message, there are various ways you can get your page seen.

*If you are not in a position to donate money yourself, please still create a page and share your link.*

Doing this 4-5 times will ensure you receive donations from friends and family around the country and the world, while not financially disadvantaging yourself.

### **What you will get in return**

All students that raise a minimum of \$10 will receive a reward for their fundraising efforts. The more you raise, the better the reward received.

While rewards are fantastic, the greater goal is to improve our school for the benefit of your children. As mentioned, the money raised will be put towards playground improvements, enhancing your child's experiences while at school.

### **Please don't wait**

Our fundraising finishes on the 27<sup>th</sup> September, so please act now. If you have any questions, please either contact the school, or the School Fun-Run team on 1800 386 786.

### **Thank you!**

From everyone at Our Lady Queen of Peace Primary School, we would like to thank you for your support and we look forward to making the school an even better place for your children.
